The Gift that is Christmas

Our Christmas bear is a special bear. He's pleasingly plump and perfectly huggable . . . and he's our Christmas gift to children across America. Working with an organization called K.I.D.S.,★ we are able to put our lovable bear into the arms of 2,000 needy children.

This Christmas bear can be your gift, too. He costs just $25 and makes a perfect gift for a little or big loved one. And with the sale of every Christmas bear, JCPenney Catalog will give three dollars to St. Jude Children's Research Hospital,★ a haven of healing for children everywhere.

Please join us in giving the gift that is Christmas. Add a Christmas bear or two to your shopping list.
He's the gift you'll give . . . and give again.

★ Kids In Distressed Situations (K.I.D.S.) is a non-profit organization. They match corporate donations of new toys and clothing with the needs of relief agencies. K.I.D.S. and JCPenney will be distributing these bears to youngsters who are living in poverty or have experienced a recent disaster.

★ St. Jude is a non-denominational hospital headquartered in Memphis, Tennessee. As the largest children's research center of its kind, St. Jude specializes in treating devastating childhood diseases. With every bear you buy, they are closer to finding new cures.

From our cover: our big and cuddly Christmas bear will bring joy to almost everyone on your gift list. Just add a festive bow (like our cover bear's) and he's ready for giving. He's adorably chubby and a whopping 20 inches tall. And so soft and squeezable, made of acrylic plush and polyester fill. Imported from Korea. For ages 3 and up. Delivery weight 3.20 lbs.

Penney Pointer On Children's Flame Resistant Sleepwear

It's more resistant to catching fire than ordinary sleepwear. Flame spreads more slowly when the source of the fire is still in contact. Flame is either self-extinguishing or is easy to extinguish by brushing, slapping, or smothering. Federal law sets flame-resistance standards for children's sizes 0-14. Our sleepwear meets those standards.

Why You Should Buy A JCPenney Diamond

Quality. Our diamond inspectors ensure that each stone meets exacting standards for cut, clarity and color. Every loose diamond is thoroughly inspected before and after being set. Each and every diamond is carefully marked for carat fineness, quality and weight.

Selection. We offer an extensive selection of fine diamonds in a dazzling array of styles to fit any occasion.

Confidence. To make purchasing your diamond from JCPenney an even wiser investment, we offer a trade-in policy on diamonds of ¼-ct. or more. The JCPenney diamond you purchase may be traded at any time for a diamond of greater value.

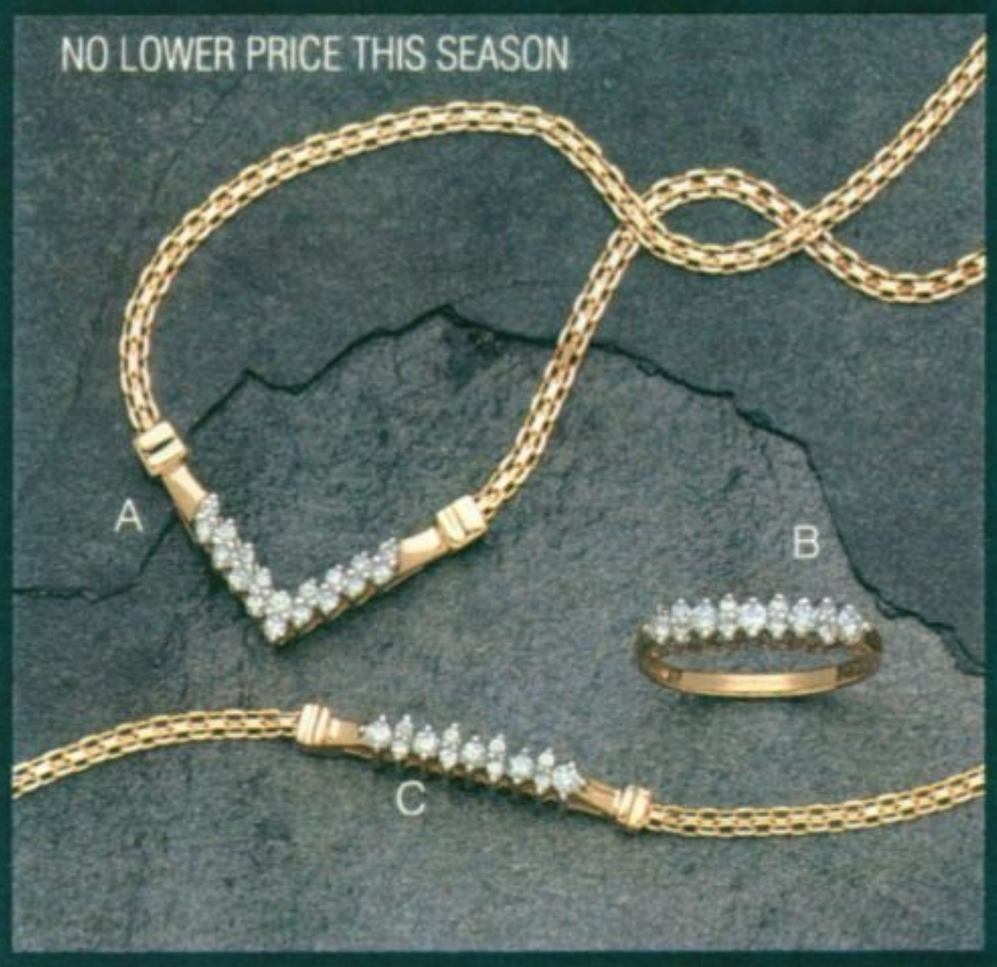

Our Diamond Trade-in Policy

When you purchase your diamond of ¼ ct. or more from the JCPenney Catalog you receive a Diamond Trade-In Certificate. Keep this certificate and if at any time you would like to trade your present diamond for a more expensive diamond shown in one of our Catalogs, your certificate becomes applicable.

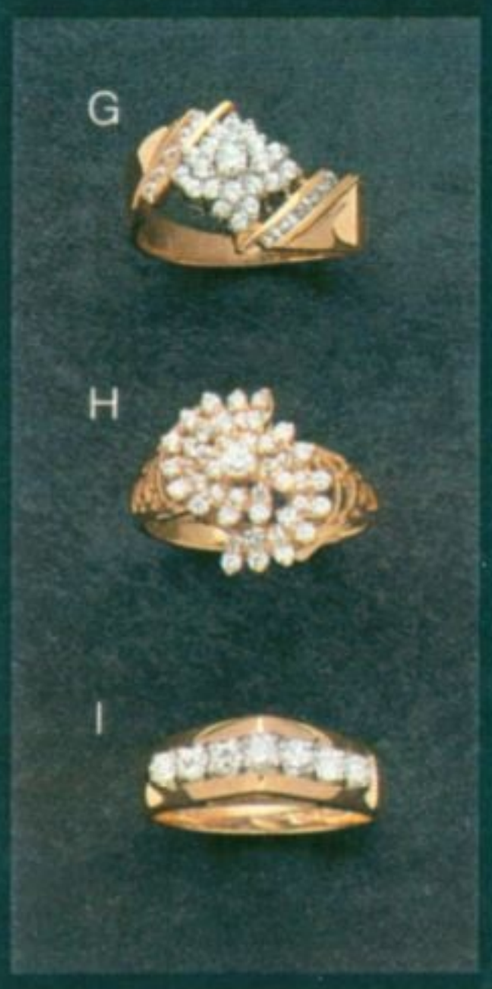

Here's how to purchase your more expensive diamond. Fill out all information on the first diamond certificate. Return the diamond and certificate to us (details on where and how to mail in your diamond will be included on back of certificate). You then receive credit to your charge account for the purchase price of first diamond, less applicable taxes. The new diamond also will include its own Trade-in Certificate.

Trade-in diamonds will be inspected upon return. They must be in good condition, with no damage and in their original settings. Trade-ins apply only to original owner and must be accompanied by original certificate. We suggest you keep a photocopy of the returned certificate.

Trade-ins will be accepted only for diamonds of greater purchase price than original diamond. Trade-in purchase price is the price as stated on the original diamond certificate. This price is determined by total carat weight of items purchased (as applicable to multiple diamond settings).

Delivery of Class A, B, and C merchandise. Item descriptions in the catalog state whether an item is in Delivery Class A, B, or C. Items that state only "delivery weight" or "weight" are Class A. Most of our merchandise—including all clothing—is Class A. Orders containing only Class A or B items can usually be sent to a Catalog Department or Home Delivered. Orders we receive by mail and orders requesting Home Delivery are usually delivered via United Parcel Service. Parcel Post is used in areas where UPS service is unavailable. Postal regulations restrict the mailability of Class B items—they can be picked up at a Catalog Department or delivered via UPS only.

Delivery of Class C. See pages 748 to 749 of our Fall/Winter '90 Catalog for details.

Note: In most areas UPS is not required to obtain a signature at delivery. They will ring your doorbell, then leave the package in a sheltered area, for example a front porch, or leave the package with a neighbor. If this is not acceptable, please specify Parcel Post or a pick up at a Catalog Desk. For specific details on UPS delivery for your area, contact your local UPS office.

Factory-Shipped merchandise. Some items—identified in the catalog—are shipped directly from the factory to your home. (See page 749 of our Fall/Winter '90 Catalog for details.) **Important:** If you wish factory-shipped items to arrive before Christmas, your order must be received by the cut-off date noted in the item description.

Sales taxes. Add state and local sales tax to every dollar of merchandise you order. Some states also tax the cost of transportation-and-handling. See page 749 in our Fall/Winter '90 Catalog for details.

Transportation-and-handling charge. See rates on pages 748 to 750 in our Fall/Winter '90 Catalog.

APO/FPO information. Shop by Phone: To order only, call toll-free 0031-11-1607 from Japan or 0130-81-1917 from Germany. To order from elsewhere or for Customer Service call (615) 833-9300. We mail Delivery Class A items to APO and FPO addresses worldwide. Service personnel without APO/FPO addresses should follow the regular ordering instructions given on this page. If you have an APO or FPO address, order by calling one of the above numbers or send the order blank on page 377 to the Distribution Center (listed at left) that services your APO/FPO. If you want an order sent to an APO or FPO address, send the order blank to the Distribution Center that services your own address (see box left).

APO/FPO delivery options: SAM (Space Available Mail) carries packages by air transport at rates shown under Zone II of the chart on page 748 of our Fall/Winter '90 Catalog. Parcel must weigh 15 lbs. or less and not exceed 60 inches in length and girth. Orders must reach us by November 9 for Christmas delivery. PAL (Airlift Military) carries packages by air transport for the following fees per parcel, in addition to the rates shown under Zone II of the chart on page 748 of our Fall/Winter '90 Catalog: up to 2 lbs., 30¢; 2 to 3 lbs., 60¢; 3 to 4 lbs., 90¢; over 4 lbs., $1.20. Parcel must weigh 30 lbs. or less and not exceed 60 inches in girth. Orders must reach us by November 21 for Christmas delivery. Parcel Post: For Christmas delivery, orders must reach us by October 17.

Important: We always send orders to APO/FPO addresses via SAM (or PAL if requested) whenever package size and weight permit. Packages exceeding the limitations are sent by Parcel Post, and are subject to the transportation-and-handling charges shown under Zone II in the chart on page 748 of our Fall/Winter '90 Catalog. Remember, tell us if you want your order sent PAL.

Note: Size restrictions on mailable items will vary according to postal regulations of the country in which an APO/FPO address is located. Contact your local Post Office for size and weight restrictions.

If you are unable to locate the nameplate, or a stamped or stenciled number on the item, please provide a penciled outline of the part, or the part itself, and a description of the part's location on the item. 3) The NAME and NUMBER of the PART. Catalog Prices

Notice on Prices: *Prices in this catalog* become effective on August 26, 1990. Toys, jewelry, and many other items with XU in the catalog number are available until August 6, 1991 at prices indicated (notices printed in this catalog identify the "long-life" pages for you). Some items are offered at savings that have a cut-off date of December 26, 1990 and a notice on the page where the item is sold will tell you so. **All prices are subject to change starting January 22, 1991.** *You always get our lowest current price.* If we reduce a price from one catalog to another (as in our sale books) you pay the lower price during the period when it is in effect—even if you have ordered at the higher price. You don't even have to know that the price was cut. If you send too much money, we automatically refund any overpayment. When merchandise is returned, the refund or exchange will be based on the price charged at the time of purchase. *We will fill an order* from any of our expired catalogs as long as the merchandise is in stock. You will be charged the price that is in effect when we receive the order. The price may have reverted to its former level or it may have been altered in a new catalog. *Prices in this catalog* apply only to orders placed by telephone or in person at a JCPenney Catalog Department, or by mail to a JCPenney Distribution Center. Price comparisons made in JCPenney catalogs are based only on prices in our catalogs, not on prices in our retail stores or in our Catalog Outlet stores.

For example, a headline that states "No Lower Price this Season" means that the designated item will not be offered at a lower price in a JCPenney Catalog within the same season. Some items may eventuaiiy be offered in Overstock Clearance Catalogs.

Merchandise Availability

It is our goal to fill all orders we receive. However, there are cases where our supplies fall below customer demand. In some cases we are unable to replenish our inventory and therefore we may not be able to fill your order. In those instances we will notify you and ask for your understanding.

How To Open A JCPenney Credit Account

Read the following Retail Installment Credit Agreement (Revolving Credit Agreement) thoroughly, and sign on page 380. Keep pages 378 to 380 for your records.

Then complete the application on page 381 and sign it. This verifies that you've read the Revolving Credit Agreement below and that the information you've supplied on the JCPenney Credit Account Application is accurate. Please print and use a ball point pen (not a felt-tip) when you fill out the application. Mail the application to the Atlanta or Milwaukee Distribution Center, c/o New Accounts Department. For appropriate address, see page 375.

If you live in Puerto Rico, the following Credit Agreement does not apply to you. Visit your local JCPenney store for the correct Credit Agreement.

Your JCPenney Retail Installment Credit Agreement (Revolving Credit Agreement)

This agreement does not apply to customers whose accounts will be billed by JCPenney's Credit Office in Puerto Rico.

In this agreement, *you* and *your* mean anyone who has applied for and been accepted for a JCPenney Credit Account. *We, us,* and *our* mean the J.C. Penney Company, Inc., 14841 North Dallas Parkway, Dallas, Texas 75240-6760.

Credit Bureau Reports—To check the information on your application, we may get a report about you from a credit bureau. When you have an account, we may get a credit report to update our records or to decide whether to give you additional credit. Ask us and we will tell you if we requested a credit report and give you the name and address of the credit bureau.

Types of Charges—The purchase of any merchandise or service may be added to your account as a Regular Charge. Certain merchandise (identified in our stores and catalogs) may be added to your account as a Major Purchase Charge.

Promise to Pay—You agree to pay for all authorized charges to your account as well as any charges from which you receive a benefit.

Payment Requirements—When you have a balance, you agree to pay at least the minimum payment amount due each month. **You can pay your entire balance at any time.** Your required payment may include any past due amounts, late charges, and returned check fees. Your required payment may also include any insurance premiums if your policy is billed with your account.

Failure to Pay—If you do not pay on time, we can require that you make immediate payment of your entire balance unless you have rights by state law to correct your non-payment.

We may use an outside attorney to collect your account. If there is a lawsuit and you lose, you agree to pay reasonable attorney's fees, plus court costs, as permitted by the law in your state.

Annual Fee—There is no annual fee on your JCPenney Credit Account.

Grace Period—You do not pay any finance charge if there is no previous balance or if credits and payments made within 25 days of the current billing date equal the balance at the beginning of the period.

Finance Charge—Finance charge not in excess of that permitted by law will be assessed on the outstanding balance(s) from month to month.

Balance Calculation Method—Average Daily Balance: Including Current Transactions in all states except Excluding Current Purchases in ME, MA, MN, MT, NE, and NM.

- We figure the finance charge on your account by applying the periodic rate to the Average Daily Balance of your account.
- To get the Average Daily Balance, we take the beginning balance of your account each day, add new purchases, and subtract payments and credits. In ME, MA, MN, MT, NE, and NM, current purchases are not included during the billing period in which they were made. In AR, CA, HI, LA, MS, ND, and PA, unpaid finance charges from a previous billing period are not included.
- We then add all the daily balances for the billing period and divide the total by the number of days in the billing period. This gives us the Average Daily Balance.

If you have a Regular Charge balance, a Major Purchase balance, or both, we figure the Average Daily Balance for each. Then we combine them to determine your finance charge. We multiply the combined Average Daily Balance by the periodic rate to get your finance charge for the billing period.

Finance Charge Rates—The periodic rates throughout the United States are listed below:

Residence	Periodic Rate	ANNUAL PERCENTAGE RATE	Portion of Average Daily Balance to Which Applied	Minimum Monthly FINANCE CHARGE
AL	1.75% 1.5%	21% 18%	$750 or less over $750	50¢
AK	1.5% .87%	18% 10.44%	$1,000 or less over $1,000	50¢
AR	1.0%	12.0%	Entire	None
CA, IA	1.65%	19.8%	Entire	50¢
CT, HI, NC, ND, RI	1.5%	18%	Entire	None
DC	1.75%	21%	Entire	None
FL, LA, MA, ME, MN, PA, TX, WA, WI	1.5%	18%	Entire	50¢
KS	1.75% 1.2%	21% 14.4%	$1,000 or less over $1,000	50¢
MI	1.7%	20.4%	Entire	50¢
MO	1.67%	20.04%	Entire	50¢
NE	1.75% 1.5%	21% 18%	$500 or less over $500	None
WV	1.5% 1.0%	18% 12%	$750 or less over $750	50¢
All Other States & Outside U.S.—50 States	1.75%	21%	Entire	50¢

There is no minimum monthly finance charge if you have only a Major Purchase balance.

In Texas—The finance charge rates may change on an annual basis (November 1 of each year). The current rate will be automatically renewed for the next year if permitted by law. Any change in the rate may apply to your entire balance. The rate may not exceed the maximum rate established by the Texas Consumer Credit Commissioner. The **ANNUAL PERCENTAGE RATE** may not be greater than **21%.**

In Arkansas—Any finance charge added to your account for a billing period will be computed by applying a variable rate to your average daily balance. The monthly finance charge rate is 1/12 of an annual percentage rate equal to five percentage points above the Federal Reserve Board's Discount Rate on 90-day commercial paper in Arkansas. This rate will not exceed the maximum monthly rate of 1.41% (annual percentage rate 17%).

The **MONTHLY FINANCE CHARGE RATE** resulting from this variable rate formula is now **1.0%(ANNUAL PERCENTAGE RATE 12.0%).** The variable finance charge rate is subject to change as of the effective date of any increase or decrease in the discount rate described above. Any increase in the finance charge rate will apply only to purchases made on and after the effective date of the change. YOUR BILLING RIGHTS — KEEP THIS NOTICE FOR FUTURE USE

This notice contains important information about your rights and our responsibilities under the Fair Credit Billing Act.

Notify Us in Case of Errors or Questions About Your Bill

If you think your bill is wrong, or if you need more information about a transaction on your bill, write us (on a separate sheet) at the address listed on your bill. Write to us as soon as possible. We must hear from you no later than 60 days after we sent you the first bill on which the error or problem appeared. You can telephone us, but doing so will not preserve your rights.

In your letter, give us the following information:

- Your name and account number.
- The dollar amount of the suspected error.
- Describe the error and explain, if you can, why you believe there is an error. If you need more information, describe the item you are not sure about.

Your Rights and Our Responsibilities After We Receive Your Written Notice

We must acknowledge your letter within 30 days, unless we have corrected the error by then. Within 90 days, we must either correct the error or explain why we believe the bill was correct.

After we receive your letter, we cannot try to collect any amount you question or report you as delinquent. We can continue to bill you for the amount you question, including finance charges, and we can apply any unpaid amount against your credit limit. You do not have to pay any questioned amount while we are investigating, but you are still obligated to pay the parts of your bill that are not in question.

If we find that we made a mistake on your bill, you will not have to pay any finance charges related to any questioned amount. If we didn't make a mistake, you may have to pay finance charges, and you will have to make up any missed payments on the questioned amount. In either case, we will send you a statement of the amount you owe and the date that it is due.

If you fail to pay the amount that we think you owe, we may report you as delinquent. However, if our explanation does not satisfy you and you write to us within ten days telling us that you still refuse to pay, we must tell anyone we report you to that you have a question about your bill. And, we must tell you the name of anyone we reported you to. We must tell anyone we report you to that the matter has been settled between us when it finally is.

If we don't follow these rules, we can't collect the first $50 of the questioned amount, even if your bill was correct.

Special Rule for Credit Card Purchases

If you have a problem with the quality of property or services that you purchased with a credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the property or services.

Men's Guide To Good Fit

AROUND THE SHOULDERS With arms relaxed at sides, measure just above biceps, around the shoulders.

CHEST With arms relaxed at sides, measure around the chest at the armpits, and over the highest part of the chest and shoulder blades. If the difference between chest and shoulders is greater than 7″, order the next size in Suit/Sport coats.

WAIST Lower or open pants, and measure over your shirt, not over slacks or belt. Measure around waist where you normally wear trousers.

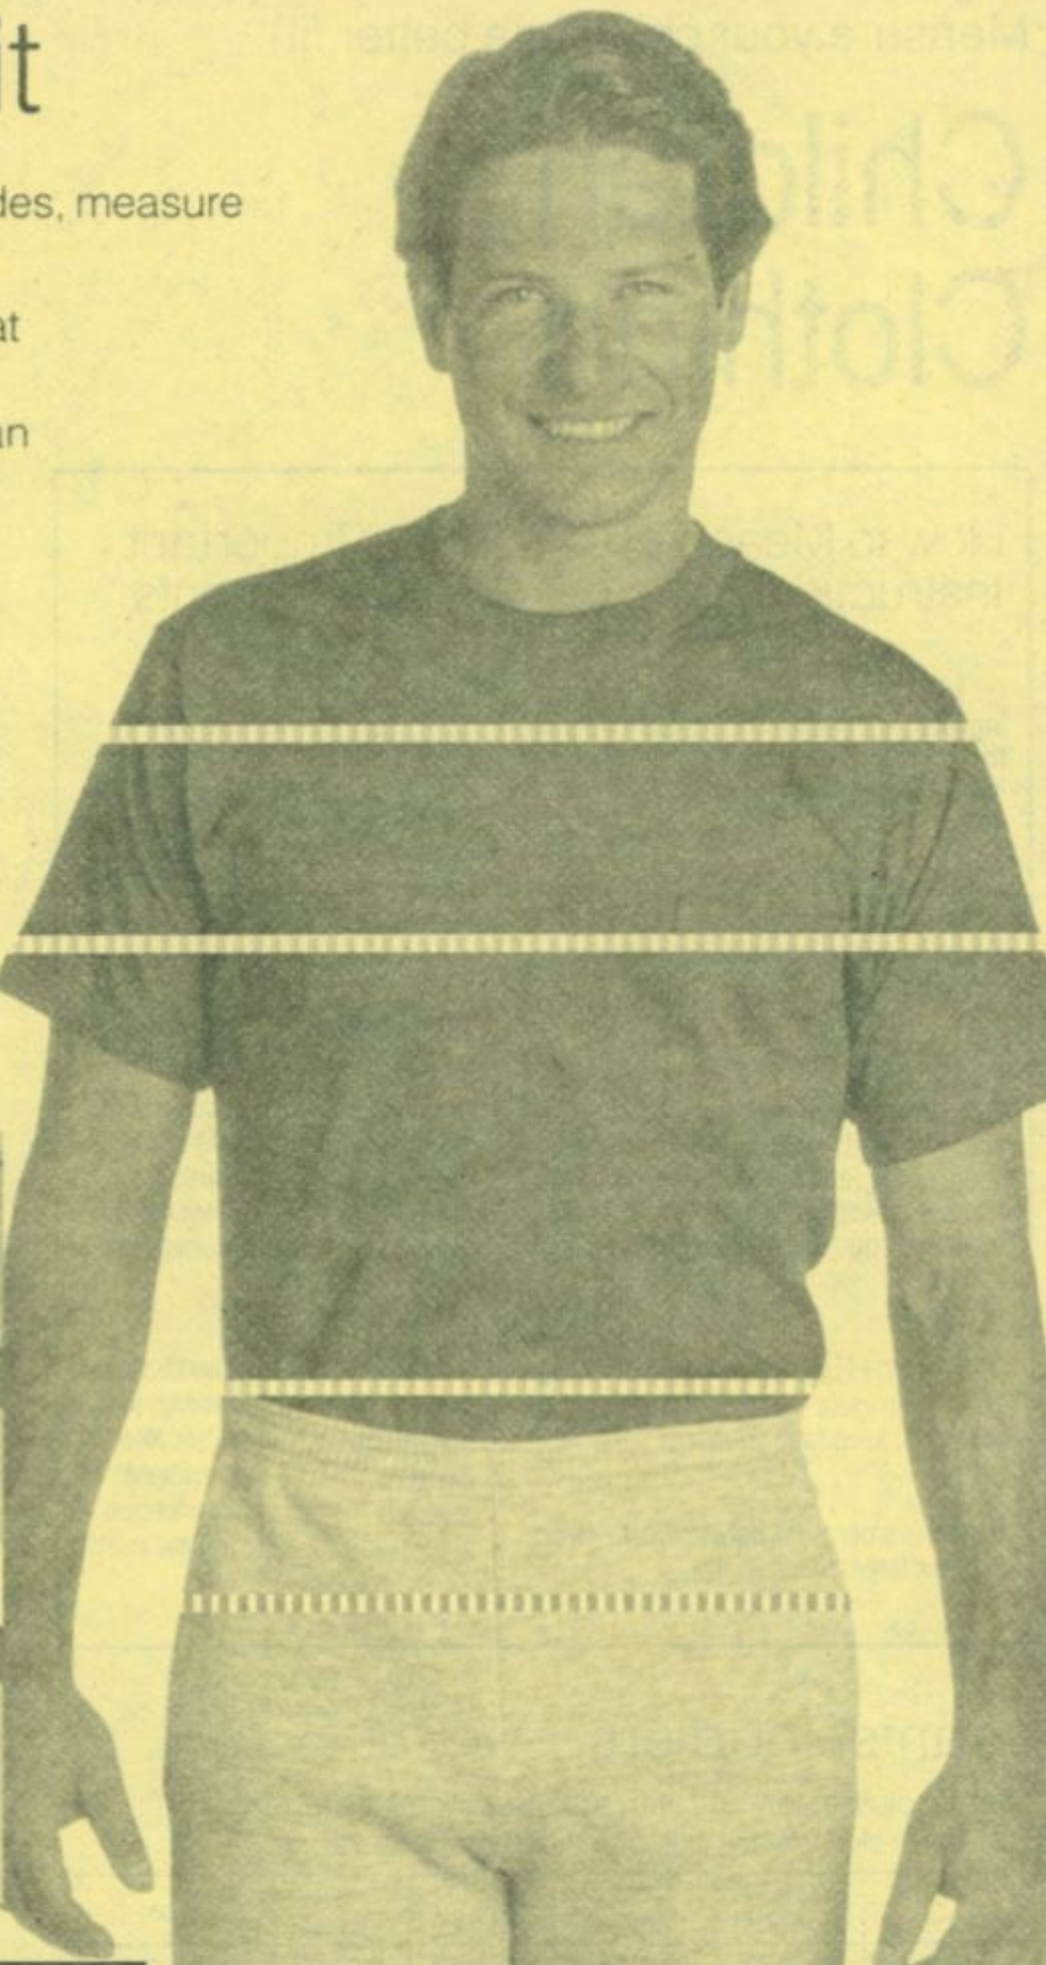

HIPS Remove all contents from your pockets, and measure around the highest point over the hips.

INSEAM Use a well-fitting, similarly-styled pair of pants. Lay them flat, with the front and back creases smooth. Along the inside seam of one leg, measure from the crotch to the bottom of the leg hem.

NECK On a shirt that fits you well, lay the collar flat. Measure from the center of the collar button to the far end of the buttonhole.

SLEEVE Measure from the center of the back of the collar, around the elbow, to the far end of the cuff. Or, take a well-fitting shirt, fold at the shoulder point, and measure as above.

SPECIAL NOTE: Have someone else take your measurements. Keep measuring tape snug, but not tight. If between two sizes, order next larger size.

Fitting Children's Shoes

Don't judge the fit of a child's shoe by adult standards. Children's shoes are designed differently, with a lot of toe room in front and a heel that's narrowed for good support. Look for these indicators of good fit:
Length—Should have ½ to ¾ inch of space between end of longest toe and tip of shoe.
Width—All toes should rest on the shoe sole. You should be able to pinch a small crease in the leather.
Toe Height—Should be able to wiggle toes. No toe impressions should be visible on top of shoe.
Heel—Should fit snugly to give support yet be flexible enough to allow foot to turn and move.
Ankle Bone—Bone should clear top of shoe when child walks and stands.
For more information on measuring for shoes, see pages 624 and 632 of our big Fall/Winter '90 Catalog.

Penney Pointer on Binoculars and Telescopes. Power rating (example: 10X) is how many times closer objects look. Objective lens size, in millimeters (example: 50mm) is the diameter of the lens farthest from the eye. The larger the lens, the brighter the image. Field of view, measured at 1000 yards, is the width of the area you see. For telescopes, interchangeable eyepieces provide varying power. Telescopes are primarily for sky viewing. Limited land viewing with lower-powered eyepieces and erecting eyepiece (included where noted). Equatorial mounts are for advanced astronomical applications.

SEASON ON ZOOM OUTFITS

All outfits include 28-70mm lenses. Double-zoom outfits also include 70-210mm lenses for extra-long-range photography!

The Magnifications of Camera Lenses are expressed by focal lengths—given in millimeters. The standard focal length is 50mm. This corresponds approximately to normal human vision. The higher focal lengths (70mm-210mm) give you close-up or "telephoto" views from considerable distances. The smaller focal lengths (28mm to 40mm) give you sharp wide-angle to close-up views. A zoom lens is like having many lenses in one. You can quickly change focal lengths or "zoom" without moving from your spot. Macro mode provides sharp close-ups.
